

Fish & Wildlife Service Region 6 Writing and Editing Support for Comprehensive Conservation Plans

Prime Contractor
\$15,712
\$17,000

Period of Performance
January 2008 – present: Sullys Hill
January 2008 – present: Red Rock Lakes

TBC Solutions currently is providing support to Region 6 Fish & Wildlife Service for technical editing and design/layout support for two Comprehensive Conservation Plans, Sullys Hill National Game Preserve and Red Rock Lakes National Wildlife Refuge. Both plans involve four major draft stages (Draft for Internal Review, Draft for Public Review, Final for Internal Review, and Final for Public Review). Both projects also include creation of a tri-fold summary brochure for dissemination to the public.

Specific tasks performed by TBC Solutions for this project included:

- Editing each document for content, NEPA compliance, clarity for the intended audience, and formatting to style standards.
- Creation of a cover for each document.
- Design and layout of each document in accordance to style standards.
